

# Request for Proposal: Industrial Infrastructure

## 1. Project Overview: Acme Corp Plant Expansion

Acme Corp is soliciting bids for the supply of high-pressure pumping systems and associated valve infrastructure for its new chemical processing facility (Project ID: EXP-2024-X).

## 2. Technical Specifications

The following equipment must meet ISO-9001 standards and be delivered by Q3 2024.

Item Ref	Description / Requirement	Qty
P-101	Pump, Centrifugal, 2000 PSI, SS316	2 Units
P-102	Pump, Eco-Series, Low Noise	1 Unit
V-305	Control Valve, 4-inch, ISO-9001	5 Units

## 3. Compliance & Safety

All vendors must verify material certifications (ss316) and pressure ratings. Non-compliant bids will be rejected immediately.
